COVER: The 180,000 lb tilting dry hearth melting furnace supplied by Gillespie & Powers (G&P) to the newest Matalco facility in Franklin, KY, is equipped with an intelligent regenerative combustion system, which is recognized as having the industry's most advanced, energy-efficient, and emission-compliant technology. The furnace can melt over 52,000 lbs of cold scrap aluminum per hour. (Photo: Ryan Marsh, ryanmarsh.photographer@gmail.com.)

The **Master Directory 2023** is an up-to-date database of nearly 350 supplier companies. It is the aluminum industry's best resource for finding equipment, products, and services. It is organized by four industry sectors—Primary Aluminum, Aluminum Extrusion, Secondary Aluminum, and Flat Rolled Aluminum. This directory was updated June 2023. The directory is available in print (\$20) and online (free of charge) at: www.lightmetalage.com/suppliers.

LIGHT METAL AGE magazine is published bi-monthly by Fellom Publishing Co., 170 South Spruce Avenue, Suite 120, South San Francisco, CA 94080-4519. **MAGAZINE SUBSCRIPTION RATES 2023, Hard Copy:** 1 year—\$63.00; 2 years—\$73.00; 3 years—\$84.00. Surface mail rates, 1 year—\$105.00; 2 years—\$152.00; 3 years—\$205.00. Airmail rates, 1 year—\$142.00; 2 years—\$226.00; 3 years—\$315.00. Digital: 1 Year—\$41.00. Back issues \$12.00 each plus postage. Special single copy prices for large directory issues—\$15.00 plus postage.

WE DESIGN AND BUILD ALUMINUM CASTHOUSES WORLDWIDE

**Our knowledge is cast in aluminum.
Our relationships are cast in stone.**

ONLY Almex offers comprehensive guarantees:

- Casthouse Equipment Machine Warranty
- Casting Process Performance Warranty
- Cast Product Quality Warranty
- End Product Quality Warranty

EXTRUSION EQUIPMENT

Our expertise focuses on extrusion systems for the aluminum industry, supplying furnaces, hot log saws, handling systems, die ovens, age ovens, and pullers to name a few. Customers looking for a total package solution to meet their specifications can count on Belco's complete turnkey systems. With every system or piece of equipment, we provide our customers with quality products, exceptional service, and on-time deliveries.

FURNACE EQUIPMENT

Belco has been on the cutting edge of furnace technological development for decades as the first to introduce and patent the four-hole probe and hot log saws. We provide custom sizes to meet your needs and requirements.

Billet/Log Loading Tables & Pusher Conveyor / Billet/Log Washer / Log Welders / Billet/Log Furnace / Hot Log Saws / Billet Transfer Conveyor / Billet End Lubricator

PRESS EQUIPMENT

As a system integrator, Belco is able to design, engineer, or manufacture accessories for your press from a wide variety of billet loader styles to the butt scrap conveyor.

Billet Loaders to Press Container / Billet Butt Conveyor / Nitrogen Gas Generator Units

HANDLING EQUIPMENT

Belco Industries is a leading manufacturer of aluminum extrusion handling systems that offers complete design engineering and installation services. With over 50 years of industry experience, we have designed and installed systems to handle all shapes and sizes of extrusions.

OVEN EQUIPMENT

Belco supplies a wide variety of ovens from small single cell die ovens to large heat treat ovens. Ovens are available with a choice of gas or electric heat.

DIE OVENS: Chest Type / Drawer Type / Single Cell Type / Die Storage Racks

AGE & ANNEALING OVENS: Single End Flow / Dual End Flow / Reversing End Flow / Cross or Side Flow

SUPPORT EQUIPMENT: Oven Conveyors / Oven Racks / Oven Carts / Rack Stacker

DIE CLEANING EQUIPMENT

Belco die cleaning systems are designed to allow the operator to place loaded baskets containing extrusion dies into the cleaning tank for the purpose of cleaning the aluminum from the steel die.

Automatic Die Cleaning Systems / Automatic Cranes for Die Cleaning Unit

PACKING LINE EQUIPMENT

Belco's packing lines are semi-automatic systems that will speed up the way material is packed. The system includes a banding station and bundle scale right in line with the equipment.

Adjustable Packing Stations / Driven Heavy Duty Roller Conveyor / Banding and Scales In-line / Rolldown Shipping Platform

ADDITIONAL EXTRUSION SOLUTIONS

Visit our website at: www.belcoind.com for more information on all of our extrusion solutions, including:

Extrusion Pullers / Run Out Equipment / Cooling Tables / Stretchers / Storage Tables / Saw Infeed Conveyors / Finish Saw & Gauge Tables / Lead Out Equipment

GRANCO CLARK®

100% Employee-owned

*Engineering. Manufacturing. Global Support.
Excellence is our standard.*

GRANCO CLARK, a global leader in the aluminum extrusion industry building a full range of aluminum extrusion equipment including some of the world's largest aluminum extrusion systems. GRANCO CLARK produces all required equipment to heat, cool, pull, stretch, cut, stack, age, and store aluminum extrusions. Leading in the optimization of extrusion technologies and processes, our automated equipment is designed, fully assembled and shop tested to the specific requirements of your extrusion process to deliver exceptional efficiency, productivity and longevity.

Contact us to discuss your next project.

WE'RE THE EXTRUSION MACHINERY SPECIALISTS!

- **New Container Assemblies and Relines**
- **New and Rebuilt Cylinders**
- **Press Rebuilding and Installation**
- **Tie Rods, Stems, Dummy blocks**
- **Handling Equipment**
- **Complete Field Service**
- **Emergency Breakdown Service**
- **Extrusion Supplies and Consulting**
- **Press Maintenance and Inspection**

WE CAN HELP WITH ALL YOUR EXTRUSION RELATED NEEDS!

For over 40 years, Dunaway has been a locally owned and operated company located in Canfield, OH. We have over 100 years of combined experience in the designing, building and upgrading of extrusion presses and systems. These turnkey capabilities allow us to support our customers with any job size, from relining containers to major system installations.

Our in house CNC machining capabilities allow us to machine to tolerances of .0005", providing the finest quality extrusion press components. Additional services include engineering, manufacturing, installing and field service for conversions, rebuilds and complete systems. Dunaway components and systems are installed worldwide – from the U.S. and Canada, to Europe and Asia-Pacific. Call us to see how we can help you. We're the Extrusion Specialists!

VORTEX[®]

JET HEATING

Efficient aluminum coil annealing

- Get unparalleled temperature uniformity with patented Vortex[®] nozzle technology
- Reduce the overall cycle time of your furnaces up to 30% with proprietary jet flow technology
 - Eliminate local overheating
- Minimize costs and utilities consumption

Learn more about how to improve your heat treating efficiency and productivity at:

Advanced solutions for aluminum

Providing high efficiency, industry tested, eco-friendly melting solutions for aluminum and other light metal alloys—Inductotherm designs, customizes, and manufactures aluminum melting furnaces for foundry, recycling, diecasting, chip melting, and investment casting. We offer a complete range of remelting and alloying steel shell furnaces; air-cooled direct-electric heat Acutrak® systems; free-standing Lift-Swing furnaces, and large-capacity Hybrid™ furnaces for billet/slab casting operations, and more. Find out which furnace is best suited for your melting application by contacting our experts at sales@inductotherm.com.

List Your Company in Our Next Directory

To find out how to get your company listed in the next Directory of Secondary Aluminum Equipment Manufacturers & Suppliers, published in the August issue, email *Light Metal Age* at lma@lightmetalage.com, or call 650-588-8832 with your name and company contact information.

We also annually publish three more updated equipment supplier directories within the following issues: Primary Aluminum (February), Aluminum Extrusion (April), and Flat Rolled Aluminum (December).

In June, we combine all four directories into our *Master Directory*. It is available in both digital and hard copy format. The hard copy version is included with the June issue mailing.

To learn more, visit us at:
www.lightmetalage.com

Still measuring coating thickness offline? What about the rest of the coil?

Introducing SpecMetrix® Coil Coating Thickness Measurement Systems: Game-changing non-contact and non-destructive in-process measurement systems for applied pretreatments, TOCs, primers, and topcoats. All SpecMetrix systems deliver real-time coating thickness data that streamline changeovers, optimize coating usage, and monitor coating quality. specmetrix.com | +1.336.315.6090

USControls®

World Leading Rolling Mill Spray Systems

US Controls designs and manufactures the best valves in the industry. Our latest design builds on our proven 94lpm (or 25gpm) valve and reduces it into a smaller package, making it ideal for any application.

World's Most Reliable Water-Soluble Valve is

NOW 25% SMALLER!

NEW Valve Design

- 25% Smaller - Fits into Tighter Spaces
- Maintenance - More Room to Work
- Engineering - More Room to Design Into Tight-fitting Areas
- Same Moving Parts as the World Beating 94LPM Valve
- Common Replacement Parts

The 97lpm Valve Series is still the same maintenance friendly valve design for quick troubleshooting and replacement.

MADE IN USA
